

### 3.0 | Policies & Procedures - Acquisitions

#### *Mission Statement*

The mission of the Acquisitions Department is to determine the criteria for the expenditure and management of funds allocated by the City of McAllen for all library materials and services necessary for the operations of McAllen Public Library.

### **3.1 | Budget Policies**

#### **Budget Development Policy**

The Library must submit a budget to the McAllen City Commissioners each year. The City Commissioners set the Library expenditures through a review system by the City Manager, Budget Committee, and Finance Committee recommendation.

#### **Expenditure Policy**

Library Administration establishes spending priorities and budgets for Library operations and capital development each year. Upon adoption of the budgets, the City Commissioners authorize expenditures from the Library's operational and capital funds.

#### **Library Financial Management Policy**

The Library is a component unit of the City of McAllen government. The Library accounts are maintained in accordance with accounting principles for municipal entities and are presented in the City's Annual Financial Report. Library Funds are managed in accordance with applicable laws, regulations, and policies.

### **3.2 | Cash Handling**

The Acquisitions Department will maintain strong internal controls for cash collection in order to prevent mishandling of city funds and to safeguard and protect employees.

### **3.3 | Materials Management**

Acquisitions staff will manage the receipt and distribution of all items purchased and maintain accurate and timely inventory of all items in the department.

### **3.4 | Collection Development**

#### **Criteria for Selection**

The process of selection, acquisition, and organization of library materials is a cooperative venture. Library staff rely on a variety of sources for selection including reviews in professionally recognized literature, book lists by recognized authorities, popular reviews and bestseller lists, library database reports, and recommendations of staff and patrons. Other criteria to be considered are cost, balance, value, demand, format, regional interest, authority of the author and reputation of the publisher, relevancy of subject, organization and style, good quality illustrations, durable binding and paper, and language. Library staff select for the circulating and special collections that include but are not limited to the genealogy/local history and reference collections.

#### **Instructions for ordering materials**

Librarians and staff selected by Administration will be designated as selectors for the different collections of

the Library. These selectors are responsible for choosing materials for their areas of assignment and for inputting those orders into the Library's acquisitions system.

### **Challenged Materials**

The Library believes in freedom of information for all and does not practice censorship. The Library declares that while anyone is free to reject books and other materials of which they do not approve, they may not exercise censorship to restrict the freedom of others. The Library also recognizes that the collection of diverse materials may result in some complaints or requests for reconsideration.

Reconsideration forms are available from any Public Services Desk and on the Library's website. When a patron with a McAllen Public Library card in good standing wishes the Library to discard or reclassify any library material, they fill out the "Request for Reconsideration of Library Materials" form [on following page]. The form must be mailed to the Library Director who assigns a committee of librarians to review the item. The committee will evaluate the request form, any available reviews, and the item to determine if it meets the Library's selection criteria and collection development guidelines. The committee will make a recommendation to the Library Director, who will review the material, related items, and make a final decision regarding the disposition of the challenged item.
